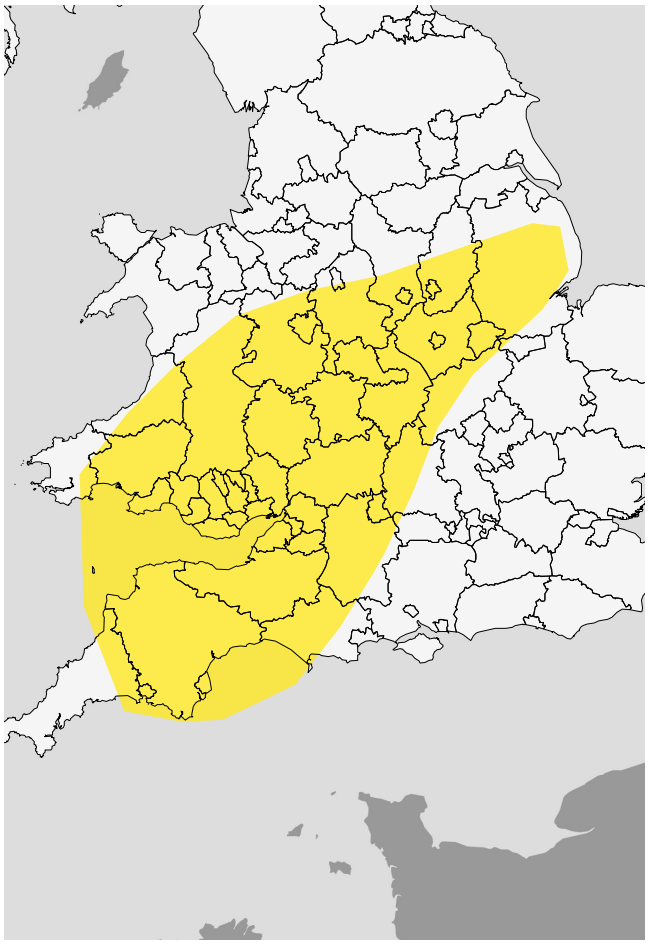
Yellow warning
Ice

Between
03:00 Sat 25 Jan 2025 and
10:00 Sat 25 Jan 2025



Icy stretches will lead to hazardous conditions in places on Saturday morning.

What to expect

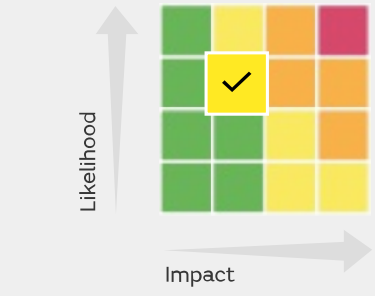
- Some injuries from slips and falls on icy surfaces
- Probably some icy patches on some untreated roads, pavements and cycle paths

Further details

Showers will move across this region on Friday evening and early Saturday morning. Skies will clear following the showers with ice likely to form on untreated surfaces and lead to some hazardous travelling conditions.

What Should I Do?

Keep yourself and your family safe when it is icy. Plan to leave the house at least five minutes earlier than normal. Not needing to rush, reduces your risk of accidents, slips, and falls.



Medium likelihood of low impacts

Issued at 09:40 Fri 24 Jan, 2025

Yellow warning
Ice

Between
03:00 Sat 25 Jan 2025 and
10:00 Sat 25 Jan 2025

Further Details (continued)

If you need to make a journey on foot, try to use pavements along main roads which are likely to be less slippery. Similarly, if cycling, try and stick to main roads which are more likely to have been treated.

Give yourself the best chance of avoiding delays by checking road conditions if driving, or bus and train timetables, amending your travel plans if necessary.

Be prepared for weather warnings to change: when a weather warning is issued, the Met Office recommends staying up to date with the weather forecast in your area.
